Project Design Phase – I
Solution Architecture

Date	5 October 2022
Team ID	PNT2022TMID01145
Project Name	AI Based discourse for Banking Industry
Team Members	1. Sanju K. Jacob (211419106236) 2. Viruthik Kumaresan S. (211419106294) 3. Sakthivel P. (211419106231) 4. Sarabesh Kannaa T.M. (211419106240)

Solution Architecture:

Solution architecture is a complex process – with many sub-processes – that bridges the gap between business problems and technology solutions. Its goals are to:

• Find the best tech solution to solve existing business problems.

• Describe the structure, characteristics, behavior, and other aspects of the software to project stakeholders.

• Define features, development phases, and solution requirements.

• Provide specifications according to which the solution is defined, managed, and delivered.
